

Pet Ready! Earthquake Readiness Checklist

Use this checklist to prepare for the next seismic event in the Bay Area – as the guardian for your animal, or animals. Click on an item’s link to read the blog post on that specific topic with additional details and considerations.

- [] [Food](#) – basic = 3 days’ worth; better = 7 days; best = 3 weeks, bland and wet
- [] [Water](#) – basic = 3 days’ worth; better = 7 days; best = 3 weeks, properly stored
- [] Microchip – add up-to-date copy of your [Pet Information Sheet](#) to earthquake kit
- [] [First Aid Kit](#) – a proper kit suitable for recovering from natural disasters
- [] Medicines – basic = 3 days’ worth; up to 3 weeks, properly stored and rotated yearly
- [] Carrier and/or Crate – for each animal
- [] Bedding – familiar, comfortable and stored with carrier and/or crate
- [] Leash/harness – one per animal
- [] Poop bags/pads – 3 days’ to 3 weeks’ worth
- [] For dogs: leather booties – or equivalent foot protection

For some additional thoughts, which may reduce anxiety, read our “[taking the fear out of earthquakes](#)” blog post.

Thank you for getting Pet Ready!
